

SEEKING Photos, Memorabilia & Records

The College of Pharmacy is gearing up to celebrate its 150th anniversary in 2009. Part of the celebration will be a complete history written by Dennis B. Worthen to be published in 2008.

We need your help! The College is in desperate need of photographs from all decades of students and faculty working, studying, playing, etc.

Please consider loaning or donating your photographs, college memorabilia or other records (directories, minutes, programs, etc.).
